## COMMUNICATION

(We do not necessarily endorse the  
sentiments advanced by this or any  
other correspondent under this heading—Ed.)

Editor of The Times:

Having been appointed a member of the investigating committee to investigate the affairs of Division 6 of the Municipal District of Pipestone, 450, for the year 1921, I desire to publish the following abstracts from the minutes of the political meeting of February 26th, and also, the rate-payers meeting of March 12th, held in the Pipestone school house.

Minutes of Political meeting:—The motion was made by F. B. Green, and seconded by Victor Scott, that a committee of three be appointed by the ratepayers, to go to the office of the secretary treasurer at Virden, and investigate the affairs of Division 6, of said municipal district, with particular reference to its financial standing for the years 1919 and 1920.

An amendment was made by B. Cummings, seconded by H. T. Harris, that the councillor elect bring the matter before the council at their first meeting after the election (Feb. 25) and request the council to give the secretary treasurer authority to bring the books of the district to the Pipestone school house for the investigation of a committee of three, to be appointed by the ratepayers. The vote stood as follows, amendment 58, 18, original motion 11. Mr. Harris made a suggestion that the procedure of investigating become an institution, a permanent affair to be held every year, and also expressed the opinion that the ratepayers have a right to an itemized statement covering every source of revenue and expenditure.

Later, the motion was made by Victor Scott and seconded by F. B. Green, that this investigation be held every year in the Pipestone school house after the last meeting of the council.

The Ratepayers Meeting of March 12:—The meeting opened with Mr. Harris in the chair. The minutes of the meeting of Feb. 26, were read and on motion of Wm. Johnston, seconded by F. B. Green, adopted.

As I am leaving Alberta for the east in the course of a few days, I shall not be able to take part in the investigation of the Council's work in Division 6, for this year; hence, in forwarding my resignation to Mr. Harris, chairman of the investigating committee. Surely those parties who were so anxious to have Mr. Cummings investigated, will see that a gain is appointed in my place, and the committee will be able to know what Mr. Johnston has done for Division 6.

M. T. Geroch,  
Sibbald, Alta., Nov. 22nd.

Recently at Omaha, an aeroplane raced around a closed course of thirty miles, five times in fifty-two minutes, and one and one-tenth seconds, or at the rate of one hundred and seventy-three miles per hour. Short dashes have been made at a rate of two hundred and fifty miles per hour, but this is the fastest ever flew for one hundred and fifty miles. No bird ever flew so fast, and yet wingless man has accomplished it, and the end is not yet.

## UNSIGHTLY PIMPLES

MAY BE ERADICATED BY

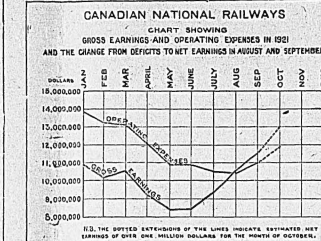

FOR THE BLOOD

Miss Mary E. Flanagan, R.R. 3, Sicla, Ont., writes:—“I suffer about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad I didn't like to go out among a crowd of people.  
One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there wasn't a blotch or pimple of any kind left.  
Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them.' I cannot give it enough praise and recommend it to any person who wants a sure remedy for those nasty pimples and blotches.”

## NATIONAL RAILWAYS PROSPECTS BRIGHTEN

The improved financial showing of the Canadian National Railways for the months of August and September has received general and favorable comment in the press throughout the country. It will be of interest to the public to see in graphic manner the monthly advances made since the beginning of the year.

The accompanying chart shows that

operating expenses, as indicated by the upper line on the chart, were brought down monthly by month, and that they drew gradually towards a meeting with the lower line, which indicates the gross earnings. In August, the lines met and crossed, showing a small margin to the good for that month. In September, the widening gap between the lines indicates the net earnings of more than a million dollars. The trend of the 'sweeps' or 'curves', as they are sometimes called, predict a much better showing in October.

Those who were in close touch with the situation and who knew what was being done to bring about operating economies, could see well in advance, that a combination of these measures with the usual increases in volume of traffic, would bring the lines together, and that the seasonal crop movement, would cross them. It was hardly expected that the month of August would show net earnings, but reductions in the costs of materials and supplies, coupled with the increase in gross earnings, were factors which, combined with the management to produce a much better showing in October.

Following our article in last week's paper about the arrival of the Hungarian pheasant north of town, one having been shot by Ridge Gilpin, Mr. J. L. Dodd reports that he shot a Jackdaw recently while hunting near Lake Thomas. The Jackdaw has seldom been seen in this neighborhood and is a beautiful bird. While it looks large in the air, when brought down it was found that the bird has very long tail feathers, and a long bill and some peculiar markings.—Viking News.

for August. The crop movement in September was sufficient to enable the much better showing made in that month.

A feature of the situation, which constituted a great difficulty encountered by the management in their endeavors to wipe out the deficit, is graphically displayed by the chart which shows that gross earnings dropped after February; that month's year, and, commencing with March, gross is usually the lowest in any gross earnings invariably improve; but during the present year a new con-

dition prevailed; the earnings in the months of April, May and June were lower than those in the months of January and February. This slump in business was general, and affected all lines. If the usual trend of earnings had been followed, the operating economies effected would have brought the lines together at an earlier date.

The chart also shows that the greater reductions in operating expenses were obtained prior to July; this should dispose of the view that the reduction in expenses was largely brought about by the reduction in wages, effective July 15th.

The Canadian National Railways, earlier in the year, informed the people of Canada, by a series of frank, explicit articles in the public press, of some of its problems, and, in particular, of the pressing need of more traffic. The improvement in the relative position of the National lines has been accomplished, but only by the reductions of operating expenses, but also, through the co-operation of the public that realized the truth of the statements made on the National Railways help, and who have met the situation in a practical way.

## A Grand Old Sea Empress

When the Empress of Japan sailed from Vancouver for Yokohama, Kobe, Nagasaki, Shanghai and Hong Kong a short time ago, she started on her one hundred and fifty-fifth voyage. A voyage in steamship parlance is a round trip, or, in other words, until the ship returns to her home port again. The distance from Vancouver to Hong Kong is 7,291 miles, or a total of 14,582 miles to be covered on each voyage. When the Empress of Japan arrived at the port of Vancouver, she established a record for Trans-Pacific voyages. With the completion of her one hundred and fifty-fourth voyage, the Empress of Japan had covered 5,000,000 miles in the Canadian Pacific service, or equal to nearly one hundred times around the globe. In computing the record, there is not taken into her account her four "wakes" war service.

The Empress of Japan was built at the yards of the Naval Construction and Armaments Company at Harrow-on-Furness, and arrived at Vancouver in 1891. She is a steel twin-screw steamship, three masts, 211 ft. in length, 32 ft. in breadth, and 21 ft. in depth, 190 A-1 according to Lloyd's Register, and is noted for her trim yacht-like appearance. She has enjoyed greater popularity during her entire career than almost any of the smaller class of steamships on either the Atlantic or Pacific. For thirty years the Empress of Japan has been in constant service without a single mishap to mar her record. Although in her day she was considered the finest of her type afloat, and for two decades was the "Queen of the Pacific," she re-

inquired that honor only when the needier and larger Empresses of Asia were added to the Canadian Pacific fleet between Vancouver and the Orient. It is a tribute to the builders of the early days when it is known that the ship's original boilers are still in her hull and doing good service. In fact, the Empress of Japan still maintains a speed of 16 1/2 knots an hour, and on October 8 she made 237 miles in the twenty-four hour period. The Empress of Japan accomplished the last trip from Yokohama to Vancouver in a little less than 12 days, allowing for the meridian day. Some of the craft's American lines which have recently entered the Pacific service are considered to have exceeded themselves when they cover the distance in from 14 to 15 days.

BRONCHIAL  
ASTHMACoughing and Gasping for Breath  
Relieved by "FRUIT-A-TIVES"MRS. PENNINGTON  
New Rockland, N.Y.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Coughing-Spells-gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the coughing spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer.

Some thought the Asthma would come back on a cold winter season but it has not, thanks to 'Fruit-a-tives'. Mrs. J. M. PENNINGTON, 1506 a box, R. R. 22, New Rockland, N.Y. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

WINNIPEG MAN SAYS THE WAY  
TANLAC RESTORED HIM WAS  
BIGGEST SURPRISE OF LIFE

"The way Tanlac has helped me is one of the greatest surprises of my life," said Theo. L. Baker, 405 C.P. Appelle Ave., Winnipeg, Man.

"My health was bad for two years. I had a terrible case of stomach trouble and could hardly eat and digest anything. My food hurt me so bad I often thought I just could not stand it, and nearly all the time I was in misery and distress on account of gas on my stomach which bloated me up tight as a drum. I was nervous and restless at night, and always seemed to be tired and worn out.

"Well, I was getting pretty weak when I got Tanlac, but it wasn't long until I was feeling better. Six bottles of Tanlac have made me feel like a brand new man. My stomach is the best in the best of shape, nothing I eat hurts me and I have gained several pounds of weight in New York. Since I have returned, I sleep like a log and feel good all the time. Tanlac is certainly the best medicine I ever saw or heard of."

Tanlac is sold by leading druggists everywhere.

WILLIAM BERRY

Just why a woman, who is a shopper by instinct, and a shrewd judge of values in merchandise, should succumb to the lures of the mail order house, it is difficult to understand, but unfortunately, some of them do. No one knows better than the woman who has had some experience in the buying of merchandise how difficult it is to distinguish between the genuine and the imitation, even after a close inspection. In fact, this is the exception rather than the rule. The merchant knows it and expects it. They expect a woman, if she is a good shopper, to "look around a little."

If a woman should walk into a retail store and purchase the first suit that she tried on, for instance, the shock would probably prove fatal to the storekeeper or the saleswoman. The chances are that she will try on a dozen suits and look at as many more before she selects one that suits her taste or pocketbook, and the storekeeper not only expects, but he wishes her to do this. He wishes her to be satisfied as he knows that a satisfied customer is the best advertisement that he can obtain.

This same woman, however, may order a suit from a mail order house on the strength of nothing more than a pretty picture and an alluring description. She has not even the opportunity to try it on, to say nothing of the chance of examining the fabric, noting the exact shade of material and inspecting the workmanship. She is taking chances on the suit fitting her or the material being good and durable.

able, the shade becoming to her and the workmanship of such a character that the suit will not fall to pieces. The woman who takes such chances cannot be called a shrewd shopper.

It might be more easily understood why more mail, unexamined and at once, as a rule, to shopping excursion, should fall a victim to the catalogue habit. He might find it easier to order from the picture in the catalogue than to go to a store and look for the article that he wanted, or he might take the position that he would not know what he was getting; anyway, he went to the store and he might as well take a chance on the mail order gamble, but why the woman who knows what she wants and knows that she is getting what she wants when she gets it should lay on the "tight uncles" plan—well, that is another question altogether.

Woman's Greatest Opportunity  
Women are taking it more and more prominent part in public affairs all the time. They are adding now in many parts of the country in running the affairs of state. Even where they do not have the ballot they are playing a big part, individually and through their organizations, in the conduct particularly of local governments, yet in the one field where they can do most to help build up their communities they may be overlooking their opportunity. With the buying power in their hands they can do more for their community by staunchly supporting the home business men than they can possibly do in any other way.

**Special Announcement**

We have found it advisable to place our Five  
Stores on an absolutely

**CASH BASIS**

On and after December 1st, 1921

There are a number of reasons for making this  
change in the policy of our Company. One of the  
primary ones is that it is impossible to do the Cash  
Buyer justice when selling him at the same price  
as the man who pays in one, two or maybe six  
months or longer. Another reason is that we are  
into a period when our goods are getting worth  
less to us every week and we cannot afford to take  
the loss on the goods, and also sell them on credit  
for long periods.

Again the Mail Order houses are making  
strong bids for business and only by selling on the  
Cash Basis as they do can we attempt to meet their  
competition. And again we feel that no merchant  
should be asked to act as a banker to his customers,  
which is exactly what happens when he sells goods  
on credit.

For the above and many other good reasons  
which any of our Store Managers will tell you, we  
have placed our stores on a Cash Basis, and we  
feel that the time that will be saved on Bookkeeping  
and Accounting will increase the service we are  
giving, that further, buying as we do for five stores  
we will be able to sell for cash only at prices that  
will be unbeatable in this district.

**MILLET**

The members of the Ladies' Guild  
of Millet held a very successful Winter  
Drive and dance last Friday, which  
was well attended.

The young men of Millet have or-  
ganized a Boosters' Club and are now  
engaged in making a skating rink for  
the benefit of the people.

On December 9th a whist drive will  
be held at Pinyon's Hall followed by a  
dance, and on December 30, they are  
putting on a very elaborate Musical  
show in which there will be twenty  
people engaged in the performance.

Wetaskiwin, we hear, have decided  
to send two or three delegates to the  
Union of Municipalities convention at  
Edmonton next year.

Rice Sheppard held a big meeting in  
the hall on Saturday last.

Lulu Berger is taking a very active  
part in the Millet Boosters' Meetings.

Nominations for the Village of Mil-  
let councillors will take place on De-  
cember 5, at the secretary's office.

Just a word to the residents of the  
Millet district—The guy who writes  
the news for this column is being call-  
ed down by different people because  
sometimes they have a bun-fee and an  
elaborate account does not appear.

You should not blame the correspon-  
dent, as he is not a thought reader, he  
is not everywhere at the one time, and  
although he is a walking encyclopedia  
of the news of the district, some times  
something happens that he does not  
hear about. The next time you have  
any news let him know and it will  
sure appear in the Wetaskiwin Times.

We often hear that there is not much  
in the Millet News this week. Get  
busy and let us have the news.

John West's store will be open next  
week.

Mr. Mitchell is building onto his  
block.

Harry Stuart has been blamed for  
an item that appeared in last week's  
news. It wasn't Harry, Sue Mitchell.

The members of the English church  
have decided to build a church next  
spring.

The Women's Institute are holding  
a banquet on Friday night for their  
husbands and invited guests. A pleas-  
ant time is anticipated.

Mr. J. M. Marr, of Hildaide is very  
ill with bronchial pneumonia, and it  
is sincerely hoped that a speedy re-  
covery will be made.

Miss Irene Phillips and Mrs. Manson,  
teacher of Wisconsin school, went to  
Edmonton on Monday.

A very successful literary night was  
held on Tuesday under the auspices  
of the Young People's Society. The  
church was quite comfortably filled.

The subject of momentous interest  
was in the form of a debate—Resolv-  
ed that Canada should retain her tar-  
iff as a source of revenue. The speak-  
ers were as follows: Affirmative,  
Messrs. H. Eastwood and A. P. Mit-  
chell; negative, Messrs. J. Holt and  
Allan Campbell. The judges were  
Messrs. A. J. Heywood D.A., W. L. Gray  
and Rev. I. N. Hughes. The both  
sides excelled themselves in argument  
and humor, but after a very careful  
summing up of points the negative side  
was named as winners, by two points.

While the judges were making their  
decision a brief program of music and  
recitations, were appreciatively re-  
ceived. The usual devotional exercises  
were brought to a close by the singing

## ALBERTA COAL MAY BE STORED ON MODERN DOCK

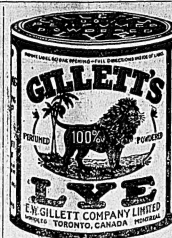

A new market for Alberta coal will be opened up if negotiations now under way between the provincial government and the Vancouver harbor commissionaries carry out successfully. The latter are considering the construction of a floating dock in the harbor of the coast city, in which coal will be stored, from the mines of this province for bunkering steamers and other purposes, and the terms on which they will undertake this enterprise are being arranged with the government mines branch at the present time. No definite action has yet been decided upon.

If it is found possible to construct a dock of this kind as a commercial undertaking, it is expected that large quantities of Alberta coal will be shipped there from the steam coal fields and that in time an extensive market will be developed at that point. Negotiations are also under way for the erection of a bunkering plant at Prince Rupert to serve a similar purpose in the northern part of British Columbia.

## ALBERTA TEACHERS & CANADIAN BOOK WEEK

During the week November 19-25, throughout Canada, schools, literary societies, patriotic societies and all good citizens are invited to consider the claims of Canadian literature. A reprint of an article giving an outline of the development of Canadian literature by Miss Marion Lockhart is being sent through the mails to the teachers and others interested. It is hoped that teachers will make serious use of the material contained in this article for a series of talks to their pupils during the week.

The associated publishers in Canada have decided to offer 500 Canadian book prizes for school essays on Canadian literature. Teachers who set essays on this subject are asked to send those they consider the best to Findlay I. Weaver, executive secretary Canadian Authors Week Campaign, 253 Adelaide St. W., Toronto. The 500 best essays will be selected by a

## PACKERS WILL PAY 10% PREMIUM ON BACON TYPE HOG

Hog producers, packers and live stock commission-dealers unanimously endorsed a resolution to stand behind the buying of hogs on quality grading, at the meeting which was held in Calgary on Thursday afternoon, which had been called by Hon. George Hoadley, minister of agriculture. There was a lot of very intelligent discussion on the subject, and the following resolution was finally drafted by E. Ward Jones and D. S. McIntosh, of Calgary, and met with complete approval:

"On the grounds that the packers are willing to pay 10 per cent premium over and above the price as established by the law of supply and demand for thick, smooth hogs of even weight, we heartily support the movement, and will do all in our power to further the propaganda."

"There was a very representative gathering from the city and Calgary district, while Edmonton Live Stock Exchange and packers were also represented by the following delegation: D. B. Mullen, J. L. Jublin, A. W. Durrell, R. A. McKinnon, Ed. Patton, Jas. Duncan, Dave Douglas, Tom Hall of the Edmonton Live Stock Exchange and N. A. Curtis, Dominion markets representative; H. P. McKee and S. W. Lund, representing the packers."

A contemporary gives the following advice to its delinquent subscribers: "If you have frequent fasting spells, accompanied by cramps, chills, corns, bunions, chilblains, colic, and other ills, it is a sign that you are not well and liable to die at any minute. Pay your subscription in advance and thus make yourself solid for a good old time. We pass the advice of the nation along for any of our subscribers who may have observed these symptoms. If, or any of them, in themselves.—Wetaskiwin Christian Advocate.

A wise step has been taken by the Lonsome, Pine school district. No 3165, in joining up with Home Gien, there were a dozen children on the roll, but owing to the few taxpayers, the school it was decided to have the pupils conveyed to Home Gien school. After paying half the expenses and heavy expenses in running the district is coming out ahead financially. This should be a tip for school districts similarly situated.—Ponoke Herald.

## PALPITATION OF THE HEART WOULD HAVE TO QUIT WORK

Mr. Frank Lutes, 71 Terrace Hill St., Brantford, Ont., writes:—"I have been troubled with palpitation of the heart for a number of years, and by spells it would hold me up. The doctor told me it would stop on me sometime if I did not cut out tobacco. When I would get a spell my heart would pound and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going. I should say about one hundred and twenty beats a minute. About three years ago I got a box of

## SALVATION ARMY

Staff Captain Karl Larson, the divisional commander of the Salvation Army forces in Northern Alberta, who is making his headquarters in Edmonton, was in Wetaskiwin this week, making arrangements for some alterations and repairs to the Army Hall in the city. The work is expected to be completed in a few days, and on Thursday, December 10, the opening will take place. Capt. Larson and Lieut. Sheppard are making a great effort to make this evening a great success.

Staff Captain Larson will be in charge of the evening and others taking part in the program will be Mrs. Larson and Miss Larson of Edmonton, as well as Miss and Mrs. Larson from Calgary. The local corps will do its part too. Refreshments will be served.

These special opening meetings will continue over the next two days, Dec. 10 and 11, when Captain Larson of Edmonton, will be in charge. The Captain was formerly lieutenant of the local corps, and is now in charge of the corps in Edmonton, where his labor is meeting with success.

A meeting of the John Knox U.F.A. and U.F.W.A. will be held at the home of Mr. and Mrs. A.B. Craig on Friday, December 2nd.

The regular meeting of the Hospital Aid Society will be held at the home of Mrs. H. H. Hagen on Tuesday afternoon, December 4th, at 2 o'clock sharp. All members are requested to attend.

Don't forget the tens and hundreds at the Parish Hall at Saturday, given by the Women's Auxiliary of Immanuel church on Sunday afternoon, December 2. These cooking and articles suitable for Christmas gifts will be on sale.

## TOWN TOPICS

J. Q. Nordvik of Calgary is in the district renewing the acquaintance of old friends.

A. H. Parker of Millet received two very fine silver black boxes this week, which were shipped from P.E.I.

Levi Chandler, who spent the summer in the north country with a survey gang, returned home last week.

Mrs. McColman went to Frost, a few days ago to spend some time renewing the acquaintance of friends.

Mr. McKee, inspector of high schools in Central Alberta, paid an official visit to the school here during the past week.

Mr. Frank Mougenauer, returned the first of the week from a business trip to Prince Edward Island and other places in the east.

The Norwegian Ladies' Aid will meet at the home of Mrs. J. Moon (C.P.R. Section house) on Thursday afternoon, December 5, at 2:30 o'clock.

The friends of H. E. Todd are glad to learn he is recovering nicely from a severe attack of pneumonia, which he contracted a few days ago.

Mr. and Mrs. B. M. Parker gave a card party on Thursday evening last when a number of friends enjoyed a pleasant evening at their home.

The strings of the supreme court are still being held at the court house and it will likely be the end of next week before the work is concluded.

## TOWN TOPICS

Rev. A. Lloyd Smith, of Toronto, a college friend of Rev. Mr. Irwin, is a visitor at the parsonage and will speak in the Methodist church in the evening.

The annual meeting of the Wetaskiwin U.F.A. and U.F.W.A. will be held in the Rest Room, U.F.A. Block, on Friday evening of this week, at 7:30 sharp.

Mr. Sailer left for Philadelphia and other places across the line this week, where he expects to spend the winter. Mrs. Sailer left a couple of weeks ago for the same place.

The ladies' aid of the Malm Mission church will hold a sale of fancy goods on Friday evening of this week, at Malm church, at eight o'clock. Refreshments will be served.

The dance given in Angus Hall on Friday evening last under the auspices of the hockey club was quite a success, and as a result about \$20 has been added to the treasury.

Rev. Wm. H. Irwin is attending the sessions of the Social Service Council of Alberta at Edmonton this week as a representative of the Alberta Conference of the Methodist church.

The Scandinavian Ladies' Hospital Aid will meet at the home of Mrs. N. J. L. Bergen on Tuesday, December 6, at 3:30. All members are requested to be present and to bring their donations of clothing for the Christmas bazaar.

Mrs. Irwin's class in the Methodist Sunday school have organized themselves as a group of the Canadian Girls in Training, with the following officers: President, Owen Williamson; vice pres. Helen Higgs; secretary, Marie Ellis; treasurer, Altha Smith. The club, which will be known as the "Live Wires," will meet each alternate Friday evening.

December 6th is the Day you have been waiting for.

There is no need to remind you of the desperate condition of affairs in Canada today under the system of a autocratic class rule that we have had for years past and under the system of taxation, which is making the rich richer and the poor poorer.

With the business of the country at a standstill, with an immense army of unemployed, with a staggering debt, and with the worst incompetence and extravagance in administration that the country has ever known, it is surely time that the electors awoke to the gravity of the situation.

The Farmers of Canada, with a nation-wide organization, with a platform of progressive principles and electoral reforms, and representing a clear majority of all the people, are offering all progressive citizens the opportunity to support a movement for the betterment of the social, economic and political conditions which exist, and to that end we ask you to
